Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 0400 on Friday 05 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy and wet. Cold winds. Snow likely into the weekend.

Today:
Remaining cloudy with further outbreaks of rain, this is likely to turn wintry over the higher hills. Feeling cold in the sometimes strong easterly winds. Maximum temperature 7 deg C (45 deg F).

Tonight:
Continuing cloudy, wet and cold, with further snow on high ground. Somewhat drier in southern areas at times. Winds remaining strong overnight. Minimum temperature 2 deg C (36 deg F).

Saturday:
Rain turning to showers, these will increasingly turn to snow, even to lower levels later in the day. Feeling cold in strong easterly winds, with gales on coasts. Maximum temperature 4 deg C (39 deg F).

Outlook for Sunday to Tuesday:
Further snow showers expected through the next few days, and feeling cold through this period in often strong easterly winds. However some bright spells are possible in between the showers.
